PHOTOGRAPHY COURSES

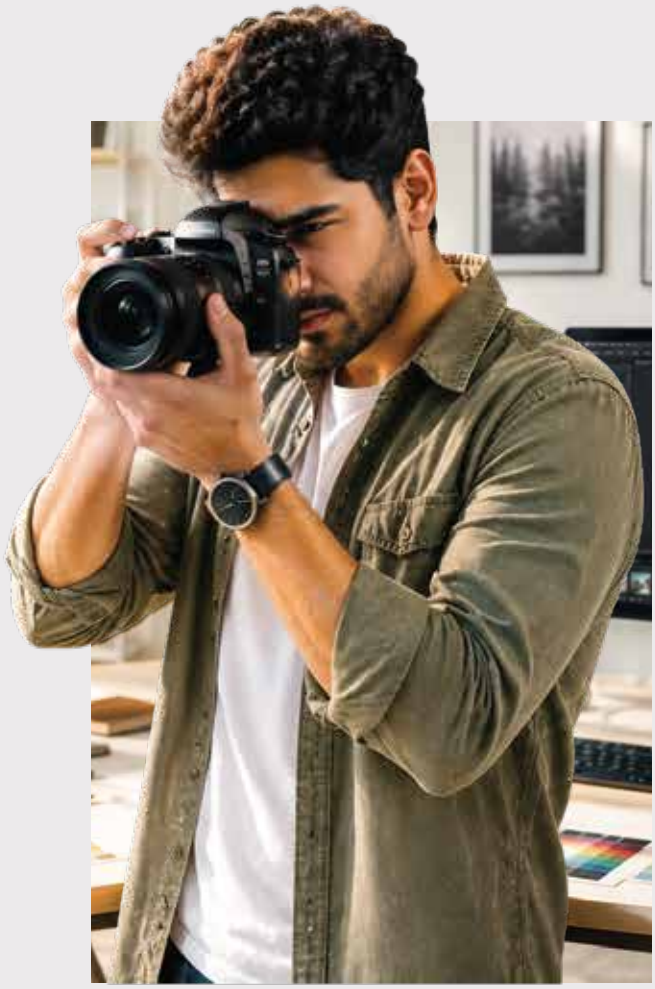
Become a professional Photographer. Shoot from day one.

A hands-on, studio-led Photography programme by Le Mark Institute, Mumbai.

From your first shot to a career in Photography.

THE OPPORTUNITY

There's never been a better time to pick up a camera.



Weddings, brands, e-commerce, editorial, social – Mumbai runs on images and the demand for people who can make them keeps growing.

But clients want more than a good picture. They want a professional who can read a brief, light a set, edit cleanly and deliver on time. That is a craft you can learn and one you can earn from.

Le Mark Institute is built to make you exactly that photographer.

THE LE MARK EDGE

“Anyone can own a camera. **A professional knows how to use it.”**

Every Le Mark Institute course is built around practice. You learn to shoot and edit to a professional standard on real studio lighting, the latest Canon cameras and lenses and pro editing software, guided by working mentors in small batches, with your skills deepening at every level.
