

VIDEO EDITING COURSES ———

Edit like a pro with AI in your workflow.

An AI-integrated, hands-on creative programme by
Le Mark Institute, Mumbai.

From your first cut to a career in video editing.

THE OPPORTUNITY ———

Every brand, creator and studio needs an editor.

Reels, ads, YouTube, weddings, corporate films all of it is won or lost in the edit, and skilled editors are in short supply.

The craft is changing fast. AI now sits inside every professional edit. The editors who thrive won't be replaced by it they'll be the ones who command it.

Le Mark Institute is built to make you exactly that editor no camera required.

"AI won't take your job. **An editor who uses AI will.**"

Every Le Mark Institute course is AI-integrated not as a gimmick, but as a skill. You'll learn to edit to a professional standard and to use the same AI tools working professionals use every day woven through the course and deepening as you rise.
