Professional Certificate in Fashion Design

6 Months

The Professional Certificate in Fashion Design is a beginner-friendly programme that introduces students to the fundamentals of fashion design and creative visualisation. This programme is ideal for students who want to explore fashion as a career or build foundational skills before pursuing advanced studies.

Students learn the basics of fashion illustration, textile understanding, and design principles, while developing their creativity and design thinking through hands-on studio practice.

The programme provides a strong foundation in how fashion ideas evolve into garments and collections.

What You Will Learn

- ✔ Introduction to fashion studies and the fashion industry
- ✔ Textile study and understanding fabric
- ✔ Basic sewing and methods
- ✔ Fundamentals of design and visual composition
- ✔ Developing fashion ideas and simple garment designs
- ✔ Fashion illustration and garment sketching techniques

Skills You Will Develop

- Fashion sketching and illustration
- Understanding fabrics and textiles
- Basic sewing elements
- Creative design thinking
- Visual composition and aesthetic judgement

Career Pathways

- ✔ Assistant fashion designer
- ✔ Boutique assistant
- ✔ Fashion illustration artist
- ✔ Apparel production assistant
- ✔ Styling assistant

* The institute continuously updates its curriculum to stay aligned with current industry practices. As a result, software and tools covered in the programmes may be updated, replaced, added, or removed from time to time based on industry trends, technological advancements, and academic planning at the discretion of the institute management.

Diploma in Fashion Design

1 Year

The Diploma in Fashion Design builds upon foundational design knowledge and introduces students to more advanced fashion design techniques combined with modern digital and AI-driven tools.

Students explore fashion history, design processes, pattern making, garment construction, and surface embellishment techniques while learning how AI technologies are transforming design workflows.

The programme prepares students to create professional fashion concepts and collections using both traditional and technology-enabled design methods.

What You Will Learn

- ✔ Fashion studies and industry overview
- ✔ Textile study and fabric behaviour
- ✔ Fashion illustration and visual storytelling
- ✔ History of fashion and design movements
- ✔ Structured fashion design processes
- ✔ Pattern making techniques
- ✔ Garment construction methods
- ✔ Surface embellishment techniques
- ✔ Portfolio development and design presentation

Skills You Will Develop

- › Conceptual fashion design
- › Pattern making and garment construction
- › Surface design and embellishment
- › Digital design visualisation
- › Creative presentation and storytelling
- › Understanding fashion trends and history

Career Pathways

- ✔ Fashion designer
- ✔ Fashion illustrator
- ✔ Boutique designer
- ✔ Fashion product developer
- ✔ Fashion content creator

Advanced Diploma in Fashion Design and Brand Communication

Generative AI for
Creative Development

2 Years

The Advanced Diploma in Fashion Design and Brand Communication is designed to prepare students for professional roles in the fashion industry by combining design expertise with branding, merchandising, and digital design technologies.

Students develop enhanced technical skills in draping, pattern making, textile science, and garment construction while learning how fashion brands communicate their identity and connect with audiences.

The integration of AI tools and digital fashion design platforms allows students to explore modern fashion workflows and design innovation.

What You Will Learn

- ✔ Textile science and fabric technology
- ✔ Draping techniques for garment design
- ✔ Advanced pattern and garment techniques
- ✔ Fashion merchandising principles
- ✔ Surface embellishment techniques
- ✔ Marketing principles for fashion brands
- ✔ Fashion branding and identity design
- ✔ Ai applications in fashion design and business
- ✔ Social media marketing for fashion brands
- ✔ Portfolio and lookbook development

Skills You Will Develop

- Professional garment design and development
- Draping and advanced pattern making
- Fashion branding and identity creation
- Digital fashion design and visualisation
- Fashion merchandising and retail positioning
- Fashion communication and storytelling
- Ai-assisted creative design processes

Career Pathways

- ✔ Fashion designer
- ✔ Fashion brand developer
- ✔ Fashion merchandiser
- ✔ Fashion stylist
- ✔ Fashion marketing specialist
- ✔ Fashion content creator
